1.4) Please comment on aspects of this teacher's teaching you think were particularly good.

- Chill. Straight to the point.
- Class activities were organised in a very engaging way, as mentioned, with the use of whiteboards making the course more interesting and engaging. Also, he analyses the information from a critical viewpoint which is extremely useful for developing a mindset where you question sources and critically analyse data.
- Clearly explained economic concepts and provided a great explanation of the EU's history and development
- Engages the class very well and makes it enjoyable. Very friendly.
- Engaging and friendly - made class discussion easy to access and learn from
- Engaging class discussions and group work helped me understands concepts better
- Explains concepts concisely and there are great class activities such as the debates and policy pitches, bringing the theory to life. Overall great
- Great at running/pacing the class. Reframed questions when needed to and was very interesting.
- Great communication skills; able to explain difficult topics and convert them into simplistic terms to be easily understood. Also uses real-world examples and integrates this in the course to make the learning process more fun and enjoyable.
- I like how class is very interactive and stimulating through the questions we start with from readings. I also like the use of presentations to get us thinking about the real applications and implications of EU integration concepts.

- Incredible teaching and great at breaking down the material into what is important for us to know.
- I really enjoyed the in class presentations and work. Writing on whiteboards and discussing our points in front of the class made the material more engaging and memorable.
- I think that he is very receptive and understanding of his students.
- Till makes every class interesting whether it is through creating diagrams, presentations, or discussions. He has made me think about concepts in different ways and significantly enhanced my learning in the subject matter.
- Till was very nice and always made classes engaging. He is able to convey concepts very well.
- Very engaging teacher who made each class very interesting.
- Very helpful explanations of things, and I like how he facilitated class actvities and discussions.

1.5) Please comment on aspects of this teacher's teaching you think could be improved.

- Although I like having the same group for both policy pitch and debate I think it could incentivize more participation if you have different groupings of people for each as you can meet more of your classmates.
- Honestly, no. Keep it up.
- I think that Till has been great and do not have any criticism toward his teaching.
- More time being spent on the most difficult theories and concepts to understand. Feedback on reading cards?

- Till is a great teacher, however my one small complaint is that I could have used essay feedback a little earlier.
